Trade/Service Marks, See Title 35 of the Connecticut General Statutes

STATUTORY CLASSES

The following is a list of all statutory classifications for Connecticut Trade and Service Marks. From one of the two possible categories, goods or services, please make the appropriate selection and state the class chosen on the application. Note: trademark registrants may only select from classes of goods and service mark registrants may only select from classes of services. If the goods or services in connection with which your mark is used do not fit squarely within the appropriate list of classes below, please consider selecting one of the miscellaneous classes (20 for goods, 42 for services). See Connecticut General Statute section 35-11h.
